Re: Letter of Appreciation – AMP 1 Melbourne Quarter Project

Dear Simon,

On behalf of the Buildcorp team, we would like to thank Jacaranda Industries (Jacaranda) for the recent efforts in helping us deliver a successful project at the AMP 1 Melbourne Quarter Project.

Your dedication to providing the highest level of service, in both management and site presence has not gone unnoticed.

No challenge has been too great for Jacaranda, with any set back being overcome with technical expertise and attention to detail, even under the strict time constraints imposed by the project.

The quality of installation, full compliance and adherence to Buildcorp's HSE policies and willingness to seek out the best outcome at all times demonstrates your full capability as a business.

I would have no hesitation in recommending or engaging Jacaranda for any future projects, no matter how simple or complex.

Yours sincerely,

Andrew Stent

Contracts Manager
