Dear John,

I wanted to write to congratulate and thank you and your team on delivering the Colours Building project at Flemington. It looks amazing and has added another dimension to our patrons' arrival on course, especially during the 2019 Melbourne Cup Carnival which is now less than a week away.

Please pass on my thanks also to Andrew Tinetti and Simon Littlejohn, who have been a great support on site to see this project through to completion.

I look forward to catching-up after Carnival.

Yours sincerely,

Neil Wilson
Chief Executive Officer
